

# You've chosen to go to college. Now get **the full experience.**

Employers want more than academic preparation; they are looking for individuals with **demonstrated social skills** and **organizational aptitude**. The most in-demand college graduates have taken advantage of the connections, experience and leadership opportunities that student organizations offer.

**Fraternity life** is a great way to master leadership and organizational behavior while gaining valuable skills that will serve you well for the rest of your life, both in your career and in your personal life.

## Kappa Alpha Psi is looking for leaders like you.

As the first NPHC fraternity to be established at Sacramento State, and the first NPHC organization to have a member elected to the position of ASI President (the only one to do this multiple times), the Iota Beta Chapter of Kappa Alpha Psi has a lot to be proud of.

This year, Kappa Alpha Psi will celebrate its **100th anniversary**. Tens of thousands of brothers young and old will gather next summer to celebrate an organization that has made a difference in the lives of its members and its communities. It's no exaggeration to say that being a Kappa in 2011 will be a once-in-a-lifetime experience.

But **the fraternity is only as good as its future**. At Sac State, the Iota Beta chapter of Kappa Alpha Psi is in the process of retooling itself for the next 100 years.

The fraternity is looking for men who seek to **create their own legacy of achievement**, to benefit from the foundation that has been established over the past century while putting their mark on the fraternity and its chapters moving forward.

If you were among the select students to receive this mailer, **you are among the best & brightest that your campus has to offer**; you are "the cream of the crop". You may have some preconceived notions about fraternity life; that's OK. Keep an open mind, **enter our drawing** by filling out the survey at [www.ibnupes.com](http://www.ibnupes.com), and **plan to attend the informational** meeting (details below).
